## ArrowCorps5 Offers Great Ways to Serve

During the summer of 2008, the Order of the Arrow will embark on the largest service project in its history: ArrowCorps5. After years of collaboration, the OA and the United States Forest Service will work together to provide meaningful and lasting service to some of our nation's most treasured natural resources.

During five weeks in the summer of 2008, at five sites across the nation, 5,000

physically fit and able volunteers will descend on our national forests to perform cheerful service that will benefit Americans for decades to come. ArrowCorps5 is the largest opportunity for servant leadership our Order has ever undertaken.

*A higher adventure!!!

California, Wyoming*

More information about ArrowCorps5 can be found at [oa-bsa.org](http://oa-bsa.org). Detailed information will be released quarterly throughout the next year. More information will be forthcoming. If you think this is for you, contact the council or your lodge leadership for more information.

*ADVISER'S CORNER —*

*It is very hard to believe we are in the final quarter of another year in our lodge. So far it has been a fantastic year and I am sure it will continue to be great with the help of all our brothers. Along those lines, I would like to take a moment to remind you to attend events and pay your dues. Every member of the lodge is very important in making Talidandaganu the quality lodge it has become. With your help we will continue to maintain this quality and create more and better adventures for all arrowmen. It is wonderful to be a part of something so special. **If your mailing label has 2005 printed on it — you need to update your dues.***
